

**2025 Zhongguancun Forum**  
**Global High-Level Think Tank Forum for Science &  
Technology Innovation**  
*Letter of Appreciation*

**World Futures Studies Federation :**

The 2025 Global High-Level Think Tank Forum for Science & Technology Innovation concluded successfully. We wish to express our deepest appreciation to your organization for the invaluable support and active participation that contributed significantly to the forum's success.

The Global High-Level Think Tank Forum for Science & Technology Innovation was jointly organized by Ministry of Science and Technology of the People's Republic of China and the People's Government of Beijing Municipality. It was hosted by Beijing Academy of Science and Technology, ZGC Global High-Level Think Tank Alliance, Chinese Academy of Science and Technology for Development, Institutes of Science and Development of the Chinese Academy of Sciences, and World Futures Studies Federation, with co-organization support from China Energy Technology & Economics Research Institute, Capital Normal University and Beijing Innovation Alliance. The forum also received substantial media support from GMW.CN, Kuaishou, China Business Journal, and Worker.cn.

As one of the ten flagship forums of the Zhongguancun Forum, this event, themed "Future Industry and Innovation Ecology: The Voice of Global Think Tanks," We have invited 3 vice-ministerial level officials, 4 academicians, 1 diplomatic envoy stationed in China, representatives from 3 international organizations and institutions, as well as representatives from 95 high-level think tanks at home and abroad. Altogether, more than 500 people from over 50 countries attended the event.

The forum featured seven key segments: Opening Orations, the Voice of Diplomat, Signing Ceremony of ZGC Global High-Level Think Tank Alliance, Release of Achievements , New Book Release and Introduction, Keynote Speeches, and Closing Remarks. At the forum, ZGC Global High-Level Think Tank Alliance added 23 council member units from 8 countries and signed a cooperation agreement with the World Futures Studies Federation. A total of 40 think tank achievements and *Annual Report on Beijing International Cooperation for Science and Technology Development (2024)* were released and *innovation for Enhanced Resilience and Sustainability along the Belt & Road Initiative* and was introduced. Seven academicians and experts delivered reports on cutting-edge topics such as carbon neutrality, digital twin, and AI, demonstrating the open and practical characteristics of the forum and promoting global cooperation in scientific and technological innovation.

We sincerely appreciate your organization's strong support for the 2025 Zhongguancun Forum. With your active coordination and full cooperation, Mr. Erik F. Øverland, President of your Federation, graced the Forum with his presence and delivered a speech, making significant contributions to the success of the event. Your professional support and in-depth participation have not only remarkably enhanced the Forum's international influence but also effectively promoted exchanges and cooperation in the field of global scientific and technological innovation.

We look forward to maintaining close collaboration with your esteemed organization in the future to jointly advance the prosperity and development of scientific and technological innovation.

Sincerely,

**Beijing Academy of Science and Technology**
